Specification Summary

Brand	Asec
Product type	Lock Out Tag Out

Product Description

The Asec Safety Lockout Tagout Padlock is specifically designed for Lockout / Tagout (LOTO) applications, providing essential safety and security in industrial and commercial environments. Engineered to prevent the accidental activation of machinery or electrical circuits during maintenance, this padlock is non-conductive, non-sparking, and highly resistant to chemicals and corrosion.

Designed with a ribbed body for easy handling, even when wearing gloves, it features a key-retaining mechanism to ensure the padlock cannot be left unlocked by accident. Each padlock comes with a photo-luminescent label and is colour-coded for rapid, clear identification.

These padlocks are available in a variety of distinct finishes, including Black, Blue, Green, Orange, Red, and Yellow. Please choose your preferred option from the selection below.

Technical Specifications

- **Body Width:** 37mm
- **Body Height:** 35mm
- **Body Depth:** 20mm
- **Shackle Diameter:** 6mm
- **Vertical Clearance:** 37mm
- **Horizontal Clearance:** 20mm
- **Shackle Height:** 40mm
- **Mechanism:** 6 Pin
- **Keys Supplied:** 1

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
