Specification Summary

Brand	Asec
Product type	Escutcheon & Rose

Product Description

The Asec Self Adhesive Blank Escutcheon is a quick and simple solution for providing a neat, professional finish to door installations and repairs. Measuring 70mm high by 45mm wide, this blanking plate is ideal for concealing old cylinder holes or covering up unsightly damage on your doors.

Because it is self-adhesive, it requires no screws or drilling, making it incredibly easy and fast to install. It provides a tidy, flush finish that blends seamlessly with your existing door furniture.

This product is available in a choice of high-quality finishes, including Rose Gold, Satin Chrome, and Stainless Steel, with weights ranging from 16g to 30g. Please choose your preferred finish, weight, and manufacturer reference from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
