Product Description

The Asec 'Showers' Self-Adhesive Sign is a compact and stylish signage solution designed to clearly identify shower facilities in both professional and public settings. Featuring a polished gold effect with a mirror-like finish, this mini sign offers a contemporary look that blends seamlessly with modern commercial interiors, offices, and leisure facilities.

Measuring 200mm x 50mm, this sign is ideal for areas where space constraints make larger signs impractical or unsightly. It is manufactured from semi-rigid PVC, ensuring durability while remaining lightweight. With its self-adhesive backing, the sign is incredibly easy to install and securely attaches to any flat, dry, and clean surface, such as doors or walls, without the need for screws or drilling.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
