Specification Summary

Brand	Asec
Product type	Hook

Product Description

The Asec Single Wardrobe Hook is a practical and stylish storage solution, perfect for mounting on the back of doors, inside wardrobes, or on walls. Featuring a classic polished brass finish, this single hook offers a neat and compact way to hang coats, dressing gowns, bags, and other accessories.

Designed for quick and easy installation, it features two countersunk screw holes that ensure a flush, secure fit when mounted. The hook is supplied as a single unit with screw fixings included, making it ready to install straight out of the packaging. With a length of 45mm, it provides a reliable hanging point without taking up unnecessary space.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
