Specification Summary

Brand	Asec
Product type	Slim Line

Product Description

The Asec Slim Line L Bracket is specifically designed for use with the Asec slim line (mini series) magnetic lock range. It is the ideal solution for outward opening doors where restricted space or a shallow door reveal prevents the magnet from being mounted directly to the head of the door frame. By using this L bracket, you can easily mount the magnet onto the face of the door frame instead.

Constructed from robust, solid aluminium with a professional satin anodised finish, this bracket is built to last. It features multiple adjustable fixing positions, allowing for straightforward installation and precise alignment with the armature plate.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8521
- **Finish:** Satin Anodised Aluminium
- **Width:** 250mm
- **Height:** 48mm
- **Depth:** 30mm
- **Weight:** 270g
- **Compatibility:** Designed to suit Asec Slim Line (Mini Series) magnets
- **Guarantee:** 1 Year

Key Features

- **Outward Opening Application:** Ideal for outward opening doors where head-of-frame space is restricted.
- **Frame Face Mounting:** Allows the magnetic lock to be securely fitted to the face of the door frame.
- **Adjustable Fixings:** Multiple fixing hole positions facilitate easy installation and precise alignment.
- **Robust Construction:** Made from durable, solid aluminium with a professional satin anodised finish.
- **Complete Pack:** Supplied as a single bracket unit.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
