Specification Summary

Brand	Asec
Product type	Slim Line

Product Description

The Asec Slim Line Z & L Bracket is a robust and highly adjustable mounting solution designed specifically for installing Asec slim line (mini) magnetic locks on inward opening doors. Crafted from high-quality solid aluminium with a satin anodised finish, this bracket set provides a clean, professional look while ensuring a secure and reliable installation.

The kit consists of a standard L-bracket used to face-fit the magnet to the door frame, and a two-part adjustable Z-bracket to mount the armature plate onto the door leaf. With multiple fixing hole positions, it offers installers maximum flexibility and ease of adjustment during setup, making it an ideal choice for a variety of access control applications.

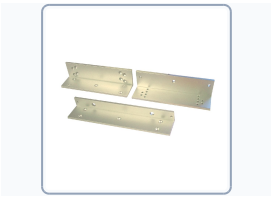

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8522
- **Finish:** Satin Anodised Aluminium
- **Suitable For:** Inward opening doors and Asec Slim Line (Mini) magnets
- **L-Bracket Dimensions:** 250mm (Length) x 48mm (Height) x 30mm (Depth)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
