Specification Summary

Brand	Asec
Product type	Till & Drawer Lock

Product Description

The Asec Spring Bolt Cylinder Till Lock is a secure latchbolt furniture lock designed primarily for wooden drawers and cabinets. Mounted on the inside of the drawer, it features a spring latch mechanism that automatically locks the drawer when it is shut. To open, simply use the key to retract the latch.

This lock features a 16mm diameter nozzle and a square backplate, making it a robust and reliable choice for securing cash drawers, till units, and office furniture. For enhanced security, it is equipped with a 10-pin radial (tubular) key tumbler mechanism.

Depending on your security requirements, this lock is available in multiple options, including Keyed Alike (KA Key Number 10692) or Keyed to Differ (KD). The weight of the lock varies between 110g and 286g depending on the chosen variant. Please select your preferred keying option and manufacturer reference (AS9951 or AS10118) from the options below.

Technical Specifications

- **Nozzle Diameter:** 16mm
- **Backplate:** Square
- **Key Mechanism:** 10-pin radial key tumbler
- **Finish:** Satin Chrome
- **Keys Supplied:** 1
- **Keying Options:** Keyed Alike or Keyed to Differ (please select from the options below)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
