Specification Summary

Brand	Asec
Product type	Self Closing

Product Description

The Asec Single Action Self-Closing Spring Hinges are a reliable and stylish solution for ensuring doors close automatically, making them ideal for use on fire doors. These hinges have been fire tested to BS EN 1634-1 and are tested for strength, durability, and corrosion resistance to the equivalent of BS EN 1935 Grade 7.

Although traditionally referred to as a pair, they are supplied as a pack of 3 (equivalent to 1.5 pairs) to provide the necessary closing force for a standard door. They are available in a choice of high-quality finishes, including Chrome Plated, Polished Brass, and Satin Chrome, to match your existing door hardware. Please select your preferred finish and manufacturer reference from the options below.

With a slim 2mm depth and standard 100mm x 75mm dimensions, these hinges offer a neat, unobtrusive installation while providing robust self-closing performance.

Technical Specifications

- **Height:** 100mm
- **Width:** 75mm
- **Depth:** 2mm

- **Weight:** 1kg
- **Pack Quantity:** 3 (1.5 pairs)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
