Specification Summary

Brand	Asec
Product type	Nut Fix

Product Description

The Asec Square Nut Fix Camlock 90° is an easy-to-install, reliable locking solution designed to secure metal and timber cupboards, cabinets, lockers, and office furniture. Featuring a distinct square face and a high-quality chrome-plated finish, this camlock provides a neat and secure locking mechanism for a variety of storage applications.

It operates with a smooth 90-degree clockwise movement, offering a clear visual indication of whether the unit is locked or unlocked. The lock is secured in place using a standard nut fixing, ensuring a firm and stable installation.

This versatile camlock is available in multiple body lengths, including 11mm, 16mm, and 20mm, with weights ranging from 58g to 150g. It can be supplied as either Keyed Alike (ideal for using the same key across multiple locks) or Keyed to Differ (where each lock has its own unique key). Each lock is supplied with 2 keys from the 92 key series. Please choose your preferred body length, keying option, and manufacturer reference from the options below.

Technical Specifications

- **Brand:** Asec
- **Body Diameter:** 20mm
- **Body Width:** 20mm

- **Body Length:** 11mm, 16mm, or 20mm (please select from the options below)
- **Cam Height:** 41.5mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
