Product Description

The Asec 'Staff Only' self-adhesive sign is a sleek, contemporary solution for managing access control in commercial, retail, and office environments. Featuring a mirror-like chrome effect finish, this mini sign is designed for areas where space is limited, making larger signs impractical or unsightly.

Constructed from durable, semi-rigid PVC, it offers a high-quality alternative to standard paper stickers. The self-adhesive backing ensures quick and simple installation on a variety of smooth surfaces, including doors, glass panels, and walls. With its clear 'Staff Only' legend, it provides an authoritative yet stylish way to designate restricted areas.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
