Specification Summary

Brand	Asec
Product type	Standard

Product Description

The Asec Standard L Bracket is designed specifically for use with the Asec standard magnetic lock range. It is the ideal solution for outward opening door applications where restricted headroom or limited space prevents the magnet from being mounted directly to the head of the door frame.

Constructed from robust solid aluminium, this bracket features a professional satin anodised finish that blends seamlessly with modern commercial and residential doors. It is designed for surface-mounted installation and includes adjustable fixings with multiple mounting holes, allowing for precise alignment and a straightforward installation process.

Technical Specifications

- **Manufacturer Reference:** AS8523
- **Brand:** Asec
- **Compatibility:** Suits Asec Standard Magnets (266mm L x 75.5mm H x 38mm D)
- **Finish:** Satin Anodised Aluminium
- **Fitting:** Surface mounted
- **Handing:** Outward opening
- **Length:** 26.5cm
- **Width:** 26.6cm
- **Height:** 38mm
- **Depth:** 38mm
- **Weight:** 500g
- **Pack Quantity:** 1
- **Guarantee:** 1 Year

Key Features

- **Space-Saving Solution:** Enables the secure installation of standard magnetic locks on outward opening doors with restricted frame space.
- **Adjustable Alignment:** Features multiple fixing holes to allow for easy adjustment and perfect alignment with the armature plate.
- **Durable Build:** Manufactured from high-quality solid aluminium with a corrosion-resistant satin anodised finish.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
