Specification Summary

Brand	Asec
Product type	Standard

Product Description

The Asec Standard Z & L Bracket (AS8524) is a robust mounting solution designed specifically for installing standard electromagnetic locks on inward-opening doors. This high-quality bracket set allows you to securely mount the armature plate to the door and the magnet to the door frame, ensuring reliable access control operation.

Crafted from durable solid aluminium with a professional satin anodised finish, this bracket set features multiple fixing holes. This provides installers with versatile positioning options, making it easier to achieve a precise alignment even on challenging door frames. It is designed to perfectly suit the Asec standard magnet range.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8524
- **Finish:** Satin Anodised Aluminium
- **Fitting:** Surface mounted
- **Handed:** Inward opening
- **Armature Plate Dimensions:** 160mm (Length) x 63.5mm (Height) x 63.5mm (Depth)
- **Magnet L-Bracket Dimensions:** 266mm (Length) x 76mm (Height) x 46mm (Depth)

- **Suits Product:** Standard Magnet

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
