Specification Summary

Brand	Asec
Product type	Sliding Shackle

Product Description

The Asec Steel Sliding Shackle Padlock - also known as a block lock or anvil padlock - is a robust security solution designed to resist forced entry. Featuring a solid metal body and a hardened steel horizontal shackle, it is ideal for securing roller shutters, gates, and link chains on commercial premises.

To defend against tampering, the padlock features a revolving shackle that rotates under attack to resist sawing.

This padlock is available in a range of body widths (60mm to 90mm), shackle diameters (9mm to 12mm), and keying options (Keyed Alike or Keyed To Differ). Please choose your preferred size, keying setup, and packaging from the options below.

Technical Specifications

- Body Width: 60mm, 80mm, or 90mm (choose from the options below)
- Shackle Diameter: 9mm, 11mm, or 12mm (choose from the options below)
- Keying: Keyed Alike or Keyed To Differ (choose from the options below)
- Packaging: Boxed or Visi (choose from the options below)
- Body Height: 55mm to 75mm
- Body Depth: 24mm to 32mm
- Horizontal Clearance: 20mm to 37mm
- Vertical Clearance: 10mm to 20mm
- Weight: 483g to 1.054Kg
- Shackle Material: Hardened steel
- Body Material: Solid metal

Key Features

- Robust solid metal body provides high resistance to attack
- Revolving horizontal shackle rotates to resist sawing attempts
- Ideal for commercial premises, roller shutters, and link chains
- Also known as a block lock or anvil padlock
- Multiple sizes and keying options available to suit your needs

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
