Product Description

The Asec 'Store Room' Self-Adhesive Sign is a compact and stylish signage solution, perfect for clearly identifying storage areas in offices, retail spaces, and commercial premises. Featuring a contemporary polished gold effect with a mirror-like finish, this mini sign offers a modern look that blends seamlessly with professional interiors.

Designed specifically for areas where space is limited, its 200mm x 50mm dimensions make it an ideal choice where larger, bulkier signs would be impractical or visually intrusive. Manufactured from durable, semi-rigid PVC, it is built to withstand the daily wear and tear of busy environments. Installation is quick and hassle-free thanks to the strong self-adhesive backing, requiring no tools, screws, or drilling.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
