Product Description

The Asec "Strictly No Admittance To Unauthorised Persons" sign is a highly visible, large-format prohibition sign designed to clearly mark restricted areas and prevent unauthorised entry. Measuring 400mm x 600mm, this sign provides an authoritative warning that is easily seen from a distance, making it ideal for use in warehouses, construction sites, plant rooms, and commercial premises where safety and security are paramount.

Manufactured from durable, semi-rigid PVC, the sign features a self-adhesive backing for quick and easy installation. It can be applied directly to smooth, clean, and flat surfaces such as doors, walls, or partitions without the need for screws, drilling, or additional fixings. Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
