Specification Summary

Brand	Asec
Product type	Fire Door & Access

Product Description

The Asec "This Door Is Alarmed" mandatory sign is designed to clearly identify alarmed doors and deter unauthorised access. It features a standard mandatory blue circle with a white symbol, paired with clear text to ensure compliance with safety and security protocols.

Manufactured from high-quality, semi-rigid PVC, this sign is both durable and easy to install. The self-adhesive backing allows for quick and secure application to clean, flat surfaces without the need for additional fixings or tools. Supplied in a convenient pack of 6 signs per sheet, it is an efficient and cost-effective solution for commercial, industrial, or public buildings.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
