Specification Summary

Brand	Asec
Product type	Prohibition

Product Description

The Asec 'This Is A Designated Smoking Area' sign is designed to clearly identify areas where smoking is permitted on your premises. Featuring a green rectangular background with bold white text, this sign provides a clear and professional visual guide for visitors, customers, and staff.

Measuring 200mm x 300mm, the sign is manufactured from high-quality, semi-rigid PVC. It comes with a self-adhesive backing, allowing for quick and hassle-free application to any clean, dry, and flat surface without the need for screws or external adhesives. It is an ideal signage solution for businesses, public spaces, and industrial sites looking to manage designated smoking zones effectively.

Technical Specifications

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
