Specification Summary

Brand	Asec
Product type	3 Position

Product Description

The Asec Three Position Key Switch (Numbered) is a narrow-style, flush-mounted electric key switch designed for secure access control and industrial applications, making it ideal for operating roller shutter doors. It features a robust stainless steel plate with a chrome cylinder, offering a clean and durable finish suitable for commercial environments.

This switch operates on a maintained contact basis and is clearly engraved with the numbers '1', '2', and '3'. For maximum convenience and operational flexibility, the key can be inserted and removed in any of the three positions. The unit is supplied complete with two keys and the necessary fixings for a straightforward flush installation.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8044
- **Plate Finish:** Stainless Steel
- **Cylinder Finish:** Chrome
- **Fitting Type:** Flush (Narrow Style)
- **Operation:** Maintained
- **Input Voltage:** 12/24V AC/DC
- **Outputs:** Normally Open (N/O) & Normally Closed (N/C)
- **Engraving (Legend):** 1, 2, 3
- **Height:** 85mm
- **Width:** 40mm
- **Depth:** 37mm
- **Weight:** 160g

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
