Product Description

The Asec "Unauthorised Vehicles Parked On This Site Will Be Wheel Clamped" warning sign is designed to act as a clear visual deterrent to motorists and prevent unauthorised parking on private premises. Measuring 200mm x 300mm, this highly visible sign features a bold yellow and black finish to ensure it is easily noticed from a distance.

Manufactured from semi-rigid PVC, the sign is both durable and easy to install. It comes with a self-adhesive backing, allowing for quick and secure application to flat, clean surfaces without the need for additional fixings or drilling. Ideal for use in private car parks, driveways, and commercial properties, it provides a straightforward way to warn drivers of parking restrictions.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
