Product Description

The Asec 'Unauthorised Vehicles Parked on this Site Will Be Wheel Clamped' warning sign is an effective deterrent designed to prevent unauthorised parking on private property, business premises, or restricted areas. Featuring a bold, high-contrast black and yellow design, this sign ensures maximum visibility to motorists, clearly communicating parking restrictions and potential penalties.

Manufactured from durable, semi-rigid PVC, this sign is built to withstand outdoor conditions. It features a self-adhesive backing, making installation quick and straightforward on any clean, flat surface without the need for drilling or additional fixings. Measuring 200mm by 300mm, it is the ideal size for clear legibility at entry points, car parks, and private driveways.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
