Product type	Lever Furniture

Product Description

The Asec Victorian Plate Mounted Bathroom Lever Furniture is a classic, traditionally styled door handle set designed specifically for use with bathroom locks. Featuring a plain, elegant Victorian design with a polished brass finish, this high-quality lever furniture adds a touch of timeless sophistication to any interior door.

Supplied as a complete pair, this door furniture features a 150mm plate length and is designed to work seamlessly with standard 8mm spindles. It is available in multiple packaging options (Boxed or Visi), with weights of 680g or 690g, and manufacturer references AS3543 or AS3783. Please choose your preferred options from the selection below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
