Specification Summary

Brand	Asec
Product type	Lever Furniture

Product Description

The Asec Victorian Round Rose Lever Furniture offers a classic and elegant door handle solution, perfect for traditional and period-style interiors. Featuring a Victorian Plain lever mounted on a 58mm diameter round rose, this door furniture brings a timeless aesthetic to any home.

Crafted with a polished brass finish, these handles provide a warm, classic look that complements traditional decor. They are designed for latch-only operation, making them ideal for standard internal doors where locking is not required. Supplied as a pair, the set comes complete with an 8mm spindle and wood screws for quick and straightforward installation.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
