Specification Summary

Brand	Asec Vital
Product type	Double Euro
Keyway	Asec 6 pin locks

TAGS

Is Cylinder

Product Description

The Asec Vital 6-Pin Double Euro Cylinder features an innovative dual finish, combining a nickel-plated body with a polished brass plug. This stylish, cost-effective design makes it highly versatile, blending seamlessly with both brass and satin nickel door hardware.

Engineered for reliable home security, this cylinder is designed to resist common attack methods, including drilling, picking, and pulling. It features a sacrificial cut (breakaway sections) on both sides, providing effective snap resistance by snapping at a predetermined point to protect the inner lock mechanism.

This cylinder is available in a wide range of sizes. Overall body lengths range from 60mm to 120mm, with various internal and external offset options (A Side and B Side measurements). Please choose your required cylinder size and offset from the options below.

The Asec Vital 6-pin system offers 30,000 differs and is certified to BS EN 1303:2005. It comes complete with 5 keys and a retaining screw. These double cylinders can be keyed alike in-house with other Asec Vital oval and rim cylinders, though please note they cannot be keyed alike with Asec Vital screw-in cylinders.

Technical Specifications

- **Cylinder Profile:** Euro
- **Cylinder Type:** Double Euro (key entry both sides)
- **Mechanism:** 6-pin
- **Security Standards:** Certified to BS EN 1303:2005
- **Snap Resistance:** Yes, sacrificial breakaway sections on both sides
- **Differs:** 30,000
- **Finish:** Dual Finish (Nickel Plated body with Polished Brass plug)
- **Body Length:** 60mm to 120mm (please select from the options below)
- **Cylinder Sizes Available:** From 30/30 to 75/45 (please select from the options below)
- **Keys Supplied:** 5 keys
- **Fire Tested:** Grade 0
- **Guarantee:** 1 Year

Key Features

- **Dual Finish Design:** Stylish and cost-effective combination of a nickel-plated body and polished brass plug, suitable for both brass and nickel applications
- **Snap Resistant Protection:** Sacrificial cut lines provide a predetermined break point to resist snap attacks
- **Enhanced Attack Resistance:** Designed to resist drilling, picking, and pulling forces
- **Keyed Alike Capability:** Can be keyed alike in-house with other Asec Vital oval and rim cylinders (not compatible with Asec Vital screw-in cylinders)
- **Generous Key Allowance:** Supplied complete with 5 keys and a retaining screw
