Product Description

The Asec Vital 6-Pin Half Euro Cylinder offers a highly secure yet cost-effective locking solution for a wide range of applications. Featuring a unique dual finish - combining a nickel-plated body with a polished brass plug - this cylinder seamlessly complements both brass and satin chrome or nickel door furniture.

Designed with security in mind, it incorporates a sacrificial cut (predetermined break point) to resist snap attacks, alongside robust protection against drilling, picking, and pulling. It operates on a reliable 6-pin mechanism offering 30,000 differs and is certified to BS EN 1303:2005.

This cylinder is supplied with 5 keys as standard. For larger projects, it can be keyed alike with other Asec Vital oval and rim cylinders (please note it cannot be keyed alike with Asec Vital screw-in cylinders).

We offer this half euro cylinder in a variety of sizes, with overall lengths ranging from 40mm to 95mm (A-side dimensions from 30mm to 85mm) and weights from 174g to 370g. Please select your required size and specification from the options below.
