Brand	Asec Vital
Product type	Key & Turn Euro

TAGS

Is Cylinder

Product Description

The Asec Vital 6-Pin Key & Turn Euro Cylinder offers a stylish and cost-effective security solution for your home or business. Featuring a unique dual finish with a nickel-plated body and a polished brass plug, this cylinder seamlessly blends with both brass and nickel door furniture.

Designed with security in mind, this cylinder is resistant to drilling, picking, and pulling. It features a sacrificial cut (predetermined break point) on the external side to resist snap attacks, ensuring the locking mechanism remains intact and secure even if the front of the cylinder is broken away.

This cylinder is available in a wide range of overall body lengths from 60mm to 120mm, with various combinations for both the key-operated breakaway side (A Side) and the thumbturn side (B Side). Depending on the specific variant selected, these cylinders are supplied with either 3 or 5 keys. Please choose your required size and specifications from the options below.

Additionally, Asec Vital 6-pin euro cylinders can be keyed alike with other Asec Vital oval and rim cylinders in the range, allowing you to operate multiple locks with a single key (please note they cannot be keyed alike with Asec Vital screw-in cylinders).

Technical Specifications

- **Cylinder Profile:** Euro
- **Cylinder Type:** Key & Turn (Thumbturn)
- **Mechanism:** 6-Pin
- **Security Standards:** Certified to BS EN 1303:2005
- **Finish:** Dual Finish (Nickel Plated body with Polished Brass plug)
- **Body Length:** 60mm to 120mm (please choose from the options below)
- **A Side (Breakaway):** 30mm to 75mm (please choose from the options below)
- **B Side (Turn):** 30mm to 75mm (please choose from the options below)
- **Keys Supplied:** 3 or 5 keys (depending on the chosen variant)
- **Differs:** 30,000
- **Fire Tested:** Grade 0
- **Guarantee:** 1 Year

Key Features

- **Dual Finish:** Blends a nickel-plated body with a polished brass plug, making it suitable for both brass and nickel hardware applications.
- **Snap Resistant:** Features a sacrificial cut with a predetermined break point to resist snapping attacks.
- **Drill, Pick & Pull Resistant:** Robust internal mechanism designed to defend against common forced entry methods.
- **Keyed Alike Compatibility:** Can be keyed alike with other Asec Vital oval and rim cylinders in the range (excludes screw-in cylinders).
- **Convenient Thumbturn:** Allows quick and easy locking and unlocking from the inside without needing a key.
