Specification Summary

Brand	Asec Vital
Product type	Screw In

Product Description

The Asec Vital 6 Pin Screw In Cylinder is a reliable, mid-range security solution designed primarily for use with metal door locks. Featuring a stylish and cost-effective dual finish - combining a nickel-plated body with a polished brass plug - this cylinder is versatile enough to blend seamlessly with both brass and nickel hardware.

This cylinder is available in multiple configurations to suit your security requirements. You can choose between a single cylinder (keyed to differ) or a keyed-alike pair. Depending on the option you select, the cylinder is supplied with either 3 or 5 keys, with weights ranging from 166g to 170g. Please select your preferred pack quantity, manufacturer reference, and key options from the dropdown menu below.

Please note: While Asec Vital 6 Pin Screw-In Cylinders can be keyed alike with each other, they are not compatible for keying alike with Asec Vital Euro Cylinders.

Technical Specifications

- **Cylinder Type:** Screw In (threaded)
- **Mechanism:** 6 Pin
- **Thread Length:** 15mm
