Specification Summary

Brand	Asec Vital
Product type	Necked

Product Description

The Asec Vital Chrome 25mm Wide Necked Barrel Bolt is a robust and reliable security solution designed for securing doors, gates, and cabinets. Featuring a necked (cranked) design, this bolt is ideal for applications where the door and frame are not flush, allowing the bolt to smoothly bridge any offset.

Constructed for durability, it features countersunk screw holes to ensure the fixing screws sit completely flush with the surface, preventing snagging and providing a neat, professional finish. With its fully reversible handing, it is suitable for installation on both left and right-handed doors. The polished chrome-plated finish offers a clean, modern aesthetic while providing excellent corrosion resistance.

Technical Specifications

- **Brand:** Asec Vital
- **Finish:** Chrome Plated
- **Length:** 75mm
- **Width:** 25mm
- **Weight:** 50g
- **Handing:** Reversible (Left or Right)
