Brand	Asec
Product type	General

Product Description

The Asec 'Warning Concealed CCTV Cameras Operate On These Premises' sign is a highly visible security warning designed to inform staff, visitors, and potential intruders that surveillance is active. Clearly displaying CCTV warnings helps deter unauthorised activity and ensures your premises remain compliant with security signage guidelines.

Manufactured from durable, semi-rigid PVC, this sign is built to withstand everyday wear and tear. It features a strong self-adhesive backing, allowing for quick, tool-free installation on any clean, dry, and flat surface. With its compact 200mm x 50mm dimensions, it is ideal for mounting on doors, walls, or entry points where space is limited but clear communication is essential.

As a genuine product from Asec, a trusted brand in security and architectural hardware, this sign provides a professional and reliable solution for commercial, public, and residential properties alike.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
