Product Description

These replacement keys are professionally cut to code for master key systems utilizing the **AUR** and **WAT** prefixes. If you require additional or replacement keys for your existing master key system, our precision key cutting service ensures a reliable, high-quality match to keep your premises secure.

Security & Authorisation Notice

Please note that these keys belong to a restricted master key system. To maintain the integrity of your security, we require proof of authorisation before we can process and cut these keys. If you are not authorised to order keys for

this system, your order will be cancelled and fully refunded.

Lead Time

Our standard lead time for cutting these master key system keys is typically 1 to 2 working days, depending on the size of your order.

Technical Specifications

- **Key Prefix:** AUR*** and WAT***
- **Key Type:** Master key system replacement keys
- **Cutting Method:** Cut to code
- **Typical Lead Time:** 1-2 working days (subject to order size)

Key Features

- **Precision Cut:** Professionally cut to ensure smooth operation and exact compatibility with your existing lock cylinders.
- **Restricted Security:** Strict authorisation checks are performed on every order to prevent unauthorised duplication and maintain system integrity.
- **Fast Turnaround:** Typically cut and ready within 1-2 working days for standard order sizes.
- **Reliable Replacements:** Ideal for property managers, landlords, and commercial facilities using AUR and WAT master key systems.
