0			Yes

Product Description

Get replacement or spare keys for your Avocet ATK+ 3-star cylinders, cut to code on genuine Avocet blanks. The Avocet ATK+ key system is widely used by leading door manufacturers, including Comp Doors and Endurance.

To order your keys, simply locate the 6-character code engraved on the blade of your existing key. This code will start with the letter 'B' followed by five numbers (ranging from B00001 to B51364). Enter this code in the box provided, select your required quantity, and add them to your basket.

For your security, we strongly recommend having your newly cut keys delivered to an alternative address, such as your workplace or a trusted friend or family member, rather than the property where the locks are installed.

Technical Specifications

- **Key Code Range:** B00001 to B51364 (6-character code starting with 'B')
- **Blank Type:** Genuine Avocet ATK+ blanks
- **Compatibility:** Avocet ATK+ 3-star euro cylinders (commonly used by Comp Doors, Endurance, and other manufacturers)
- **Key Cutting Method:** Cut to code

Key Features

- **Genuine Blanks:** Cut on official Avocet blanks to ensure smooth operation and long-lasting durability
- **Simple Online Ordering:** Hassle-free ordering by entering your unique 6-character key code
- **High Security Compatibility:** Designed specifically for Avocet ATK+ 3-star high-security cylinders
- **Discreet Delivery Recommended:** Option to ship to a different address (e.g., workplace or family) for added peace of mind

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
