Specification Summary

Brand	Avocet (ABS)
Product type	Double Euro
Keyway	ABS

TAGS

Is Cylinder

Product Description

The Avocet ABS MK3 Ultimate Euro Cylinder is one of the UK's most secure anti-snap locks, offering premium protection for uPVC, timber, and composite doors. Engineered with patented snap-secure technology, this cylinder features an active locking cam that completely blocks access to the lock case if an attempted break-in occurs. It is highly resistant to common attack methods, including snapping, drilling, bumping, and picking.

This high-security double euro cylinder has achieved the prestigious TS007 3 Star British Kitemark and Sold Secure Diamond Grade (SS312) certifications, and is Secured by Design (Police preferred specification) approved. Each cylinder is supplied with three high-security keys and a personal key card to prevent unauthorised key duplication.

We offer this cylinder in a comprehensive range of internal and external sizes (from 30mm to 60mm) and in Polished Brass or Polished Chrome finishes. Please select your required size and finish from the options below. Note that 30mm sizes do not carry the TS007 3-star Kitemark due to a reduced number of key combinations, though they still feature the same physical snap-secure technology.

Technical Specifications

- **Certifications:** TS007:2014 3 Star British Kitemark (excluding 30mm sizes), Sold Secure Diamond Grade (SS312)
- **Accreditations:** Secured by Design (Police preferred specification)
- **Standards Compliance:** BS EN 1303:2005, BS 3621:2007, PAS 24:2007, and BS EN 1670:2007 (corrosion resistance)
- **Pin Configuration:** 8 pins + 1 magnetic pin, 16 anti-drill pins, and 6 trap pins
- **Finishes:** Polished Brass and Polished Chrome (please select below)
- **Lead time:** Typical lead time is 4-6 clear working days before we ship
- **Keys Supplied:** Standard locks have 3 keys supplied, keyed alike sets have 3 in total, locks built to an existing code have no keys supplied.

Key Features

- **Patented Snap-Secure Technology:** Active locking cam completely blocks access to the lock case during an attempted snap attack
- **Multi-Attack Resistance:** High-level defense against snapping, bumping, drilling, and picking
- **Secure Key Registration:** Personal key card prevents unauthorised key duplication without your knowledge
- **Simple Retrofit Upgrade:** Easily replaces existing euro cylinders without requiring additional security handles or guards
- **Versatile Compatibility:** Suitable for uPVC, timber, and composite doors

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
