Is Cylinder

Product Description

The Avocet ABS Master 3-Star Euro Thumb Turn Cylinder is a premium high-security lock designed to offer maximum protection for your home while providing convenient, keyless egress. Featuring a thumb turn on the inside, it allows for a quick and safe exit in the event of an emergency, while the external side requires a key for secure entry.

Engineered to resist the most common forced entry methods, the ABS Master is TS007 3-Star rated, Sold Secure Diamond Grade, and Secured by Design (Police Preferred Specification). It features patented active snap protection; if the lock is attacked, a sacrificial outer section snaps off, triggering an internal lock that secures the cam and blocks access from the outside, while still allowing operation from the inside. It also provides advanced resistance against drilling, picking, and bumping.

This cylinder is available in a wide range of sizes and finishes, including Polished Brass and Polished Chrome. Please select your required size, finish, and manufacturer reference from the options below.

Please allow up to 4-6 working days for Keyed alike orders.

Technical Specifications

- **TS007 Rating:** 3 Star
- **Security Certifications:** Sold Secure Diamond Grade (SS312), Secured by Design Approved, British Kitemark (KM 586153)
- **Standard:** BS EN 1303:2005
- **Keying Options:** Keyed to differ (supplied with 3 keys as standard) or Keyed Alike (optional)
- **Finishes Available:** Polished Brass and Polished Chrome (choose from the options below)
- **Sizes Available:** Multiple internal and external size combinations (choose from the options below)

Key Features

- **Keyless Egress:** Thumb turn on the inside ensures quick, safe exit in emergencies without needing a key.
- **Patented Snap Protection:** Sacrificial front section snaps under attack, activating a secure lock on the cam to keep intruders out.
- **Comprehensive Attack Resistance:** Built-in protection against snapping, drilling, picking, and bumping.
- **Police Preferred Specification:** Secured by Design accredited for ultimate peace of mind.
- **Flexible Options:** Available in multiple sizes, finishes, and keyed-alike configurations to suit your doors.

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
