Specification Summary

Brand	Avocet (ABS)
Product type	Avocet ABS Master Padlock Range
Keyway	ABS Master Padlocks

Product Description

The Avocet ABS Master C16 Padlock is an ultra-high-security 92mm padlock designed to deliver market-leading protection in the most demanding environments. Built with a hardened steel sleeved body and a formidable 16mm hardened boron alloy steel shackle, this padlock offers exceptional resistance against drilling, sawing, picking, and physical attacks. It is ideal for securing garages, warehouses, perimeter gates, commercial vehicles, and trailers.

This padlock features the patented Avocet ABS Master cylinder, providing superior anti-drill protection and over 1 million key combinations. It can also be keyed alike to your existing ABS door keys, allowing you to operate your home, garage, and padlock with a single key.

This padlock is available in two configurations. Please choose your preferred option from the drop-down menu below:

- **C16 POP**: Features a retained, pop-up shackle that stays attached to the lock body when unlocked.
- **C16 REM**: Features a fully removable shackle, allowing the shackle to be completely detached from the padlock body when unlocked.

Technical Specifications

- **Body Width:** 92mm
- **Body Height:** 53mm
- **Body Thickness:** 32mm
- **Shackle Diameter:** 16mm
- **Vertical Shackle Clearance:** 50mm
- **Horizontal Shackle Clearance:** 38mm
- **Body Material:** Hardened steel sleeved body
- **Shackle Material:** Hardened Boron alloy steel
- **Finish:** Electrophoretic (corrosion resistant)
- **CEN Rating:** Grade 5

Key Features

- **High-Security Cylinder:** Integrated patented Avocet ABS Master cylinder with over 1 million key combinations.
- **Attack Resistant:** Designed to resist picking, drilling, sawing, and other determined physical attacks.
- **Corrosion Resistant:** Electrophoretic finish ensures reliable performance in harsh outdoor weather conditions.
- **Keyed Alike Compatible:** Can be keyed alike to your existing ABS keys for single-key convenience.
- **Shackle Options:** Available with either a retained pop-up shackle (C16 POP) or a fully removable shackle (C16 REM).
- **Key Protection:** Patented key design prevents unauthorised key duplication (key card included).

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
