Product Description

The Avocet ABS Master Padlock Shackle Protector is a heavy-duty security accessory designed to provide enhanced protection for your Avocet ABS Master C-Series padlock. Specifically engineered to fit the C10 (10mm) and C13 (13mm) padlock models, this robust protector shields the shackle from direct physical attacks, including sawing, cropping, and tampering, as well as environmental wear.

Constructed from high-quality steel, the shackle protector is available in configurations to suit both 'Pop' (retained) and 'Rem' (removable) shackle variants. Adding this protector effectively upgrades your padlock, significantly reducing the exposed area of the shackle to defend against attack.

This product is available in multiple heights (36mm or 39mm) and widths (80mm or 90mm) to perfectly match your padlock model. Please choose your required size and shackle type from the options below.

Technical Specifications

- **Compatibility:** Designed for Avocet ABS Master C10 (10mm) and C13 (13mm) padlocks
- **Shackle Type Compatibility:** Available for both 'Pop' (retained) and 'Rem' (removable) shackle models
- **Height:** 36mm or 39mm (please select from the options below)
- **Width:** 80mm or 90mm (please select from the options below)

- **Thickness:** 40mm
- **Material:** High-quality steel casting

Key Features

- **Enhanced Security:** Shields the padlock shackle from direct physical attacks, including cutting, cropping, and sawing
- **Closed Shackle Upgrade:** Reduces the exposed area of the shackle to deter tampering and forced entry
- **Tailored Fit:** Available in specific sizes to perfectly match your ABS Master C10 or C13 padlock
- **Weather Protection:** Helps safeguard the shackle against environmental wear and tear
