Specification Summary

Brand	Avocet (ABS)
Product type	Lever Furniture

Product Description

The Avocet Pioneer Plus Lever/Lever door furniture is a highly durable and reliable handle set designed for doors with multipoint locking systems. Supplied in pairs, these handles feature a fully reversible design, making them suitable for both left and right-handed doors. Each set comes complete with fixing screws, an 8mm spindle, and a pre-fitted spring cassette that prevents handle sag and ensures a smooth, consistent return.

With an intermediate backplate height of 236mm and 211mm screw centres, this model features a 12mm backplate depth, allowing for standard-sized euro cylinder installations. Built to withstand the elements, the Pioneer Plus has been salt spray tested for 500 hours for proven corrosion resistance and performance tested to 100,000 operations. It also comes backed by a 10-year mechanical guarantee from Avocet.

These handles are available in a variety of finishes and weights to suit your door's aesthetic and requirements. Please choose your preferred finish, weight, and manufacturer reference from the options below.

Technical Specifications

- **Centres:** 92mm
- **Screw Centres:** 211mm
- **Backplate Height:** 236mm
- **Backplate Depth:** 12mm
- **Handle Length:** 116mm
- **Spindle:** 8mm
- **Handing:** Reversible
- **Finish:** Multiple options available (please choose below)
- **Weight:** Multiple options available (please choose below)

Key Features

- **Supplied in Pairs:** Comes complete with fixing screws and spindle for a straightforward installation
- **Spring Cassette Included:** Pre-fitted spring cassette holds the handle at 90° with no sag
- **Corrosion Resistant:** Salt spray tested for 500 hours for proven durability against the elements
- **Extensively Tested:** Performance tested to 100,000 operations
- **10-Year Guarantee:** Backed by a 10-year mechanical manufacturer's guarantee
- **Euro Cylinder Compatible:** 12mm backplate depth allows for standard size euro cylinder installation

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
