Specification Summary

Brand	Axim
Product type	Accessory

Product Description

This AXIM Housing Unit is specifically designed to suit the Axim PR7085P Push Pad Exit Device. It features a highly durable, abrasive-resistant finish, making it ideal for high-traffic commercial environments where longevity and reliability are essential.

This housing unit is a handed product, available in multiple options to suit your specific door configuration. It is offered in both Left Hand and Right Hand versions with corresponding manufacturer references. Please choose your required handing and reference from the options below to ensure a perfect fit for your emergency exit

hardware.

Supplied in a clean silver finish, this unit weighs 1kg and comes individually boxed. It is a high-quality replacement or installation accessory for the Axim PR7085P series.

Brand Profile

Axim

AXIM (Axim Architectural Hardware) is a UK-focused architectural door hardware brand best known for its **transom closers / concealed overhead door closers**, plus the broader “commercial aluminium door” hardware ecosystem that goes with them. The brand was **originally formed in 1987** and is built around supplying a **comprehensive, in-stock range** through a **pan-European distributor network**.

AXIM’s range is basically “everything you’d spec around a commercial entrance door”:

- **Concealed transom closers** (their signature category: TC series like **TC8800, TC9600, TC9900**)
- **Surface mounted overhead closers** (FC series)
- **Floor springs** (FS series)
- Plus the rest of the door-hardware toolbox: **panic exit devices, electric strikes, deadlatches, flush bolts, letter plates, locks, handles**

This is why AXIM shows up a lot in aluminium door setups: it’s designed to be a **reliable, spec-friendly “one brand covers most of the door”** option rather than a single hero product.
