Specification Summary

Brand	Banham
Product type	Banham Cylinders

Product Description

The Banham L112 Rim Cylinder is a high-security replacement cylinder designed specifically for use with Banham security rim nightlatches (such as the BPL1100 series). Engineered to provide robust protection, this cylinder is an essential component for maintaining the security of your Banham lock system.

This cylinder features a reliable 6-pin mechanism and is supplied in a polished chrome plated finish. It is configured for right-hand installation, with a total length of 107mm (split as 36mm on the A side and 71mm on the B side).

For enhanced security, the cylinder is supplied complete with a protective cylinder guard and a unique key registration card. This registration card ensures that duplicate keys can only be securely obtained directly from Banham Patent Locks Ltd, preventing unauthorised key copying.

Please note that this cylinder is supplied keyed to differ and comes with 2 keys.

Brand Profile

Banham

Banham is a **London-based, family-run security company** best known for its **high-security locks**, locksmithing, and wider home-and-business security services across **London and the South East**. The business traces its roots to **1926**, when **William F. Banham** developed an early **automatic door bolt** after repeated burglaries at his wife's West London dressmaking shop, launching what became Banham Patent Locks.

Over nearly a century, Banham has grown from lockmaking into a full security provider, combining **physical security** (locks and door hardware) with **electronic security** such as **alarms, CCTV, and access control**, plus services like **keyholding** and **24/7 alarm response**.

In the trade/public eye, Banham is especially associated with:

- **Banham-branded locks** (marketed as UK-crafted, with an emphasis on distinctive design and robust burglary resistance).
- **24/7 emergency locksmith coverage** for lockouts, lock changes, and repairs, positioned as vetted, insured, and professional (and very much "don't get scammed by a rogue locksmith" coded).
- A "heritage + service footprint" story: **four generations**, **since 1926**, and a long-standing focus on London's residential and commercial market.
