Specification Summary

Brand	Borg Accessories
Product type	Borg Accessories

Product Description

The Borg 2000 Series 13mm Rebate Kit is an essential accessory designed for installing Borg BL2000 series digital locks onto rebated double doors. When double doors close, they often feature a stepped, overlapping edge (known as a rebate) to provide a flush seal. This 13mm rebate kit allows the tubular latch and strike plate to be mounted securely and aligned correctly on these stepped door profiles.

Manufactured by Borg Locks, this high-quality kit ensures that your digital keypad lock functions smoothly and reliably without compromising on security or door alignment. It is compatible with any digital lock model in the Borg BL2000 range that utilizes a standard tubular latch setup.

Technical Specifications

- **Rebate Size:** 13mm
- **Compatibility:** Borg BL2000 series tubular latch models
- **Manufacturer:** Borg Locks
- **Application:** Rebated double doors

Key Features

- **Perfect Alignment:** Enables secure installation of BL2000 series locks on rebated double doors
- **Robust Construction:** High-quality components designed to match the durability of Borg digital locks
- **Smooth Operation:** Ensures the latch and strike plate align correctly for reliable latching and unlatching
- **Genuine Accessory:** Official Borg Locks accessory for a precise fit and seamless integration
