Product type	Borg Accessories

Product Description

The Borg 3000 Series BL3100 Inside Handle is a genuine, marine-grade replacement handle designed for Borg's popular metal gate lock range. This unit is the ideal solution for restoring the operation of your gate lock, allowing you to replace a worn or damaged handle without the expense of purchasing a complete new lock system.

This replacement inside handle is compatible with several models in the Borg range, including the BL2600, BL3100, BL3100 DKO, and BL3100 ECP. It is supplied complete with two security screws to ensure a secure, tamper-resistant connection to the lock assembly.

Please note that this is a spare part; only the inside handle and the two security screws are included in this package.

Technical Specifications

- **Manufacturer:** Borg Locks
- **Compatibility:** Borg BL2600, BL3100, BL3100 DKO, and BL3100 ECP series gate locks
- **Material/Finish:** Marine-grade black finish
- **Inclusions:** Inside handle and 2 x security screws only

Key Features

- **Genuine Borg Spare:** Ensures perfect compatibility and reliable performance with your existing lock.
- **Marine-Grade Durability:** Designed to withstand harsh outdoor weather conditions.
- **Secure Fixing:** Comes complete with two security screws to prevent unauthorized removal or tampering.
- **Cost-Effective Repair:** Restores gate lock functionality without needing to replace the entire lockset.
