Specification Summary

Brand	Borg Accessories
Product type	Borg Accessories

Product Description

The Borg 3000 Series Tumbler Pack provides essential replacement or spare tumblers for maintaining and customising your mechanical digital locks. These tumblers allow you to service or alter the coding chamber on your keypad, ensuring your access control system remains secure and fully functional.

These replacement tumblers are available in two distinct options to suit your needs:

- **Blue (Non-Coded):** Used for the inactive buttons on the keypad.
- **Red (Coded):** Used to set the active digits of your entry code.

Please select your required tumbler type from the options below.

These tumblers are designed for standard Borg mechanical digital locks, including the BL2000, BL3100, BL3400, and BL4400 series keypads. Please note that these tumblers are not compatible with Easicode Pro (ECP) models, which feature an on-door code change mechanism.

Technical Specifications

- **Manufacturer:** Borg Accessories
- **Series Compatibility:** Borg 3000 series (also compatible with BL2000, BL3100, BL3400, and BL4400 series keypads)
- **Exclusions:** Not compatible with ECP (Easicode Pro) models
- **Available Options:** S316/Blue (Non-coded) and S316/Red (coded) (please choose from the options below)

Key Features

- **Customisable Security:** Easily adjust or repair the code combinations of your mechanical digital locks.
- **Colour-Coded System:** Clear distinction between coded (red) and non-coded (blue) tumblers for straightforward installation.
- **Genuine Replacement Parts:** High-quality components designed specifically for Borg keypads to ensure smooth operation.
- **Flexible Options:** Choose between coded and non-coded packs to match your specific maintenance requirements.
