Specification Summary

Brand	Borg Accessories
Product type	Borg Accessories

Product Description

The Borg 5000 Series Replacement Rubber Gaskets are designed to provide a protective barrier and seal for your digital locks. Specifically engineered to fit behind the keypad of the Borg BL5000, BL5400, and BL5700 series of mechanical digital locks, these gaskets help prevent moisture and dust ingress while protecting the door surface from scratches and rubbing.

Supplied as a pair (pack of 2), these replacement gaskets are ideal for routine maintenance or when installing a new lock. They are available in both black and grey finishes to match your existing lock setup - please select your preferred option from the choices below.

Technical Specifications

- **Brand:** Borg Locks
- **Compatibility:** Suitable for Borg BL5000, BL5400, and BL5700 series digital locks
- **Material:** Rubber
- **Pack Quantity:** 2 (supplied as a pair)
- **Available Colours:** Black, Grey

Key Features

- **Surface Protection:** Prevents rubbing, scratching, and damage between the door face and the keypad
- **Sealing Barrier:** Helps create a seal behind the keypad to reduce dust and moisture ingress
- **Easy Replacement:** Ideal for replacing worn, compressed, or damaged gaskets during lock maintenance
- **Colour Options:** Available in black or grey to match your lock's finish
