Brand	Borg Accessories
Product type	Borg Accessories

Product Description

The Borg 5000 Series Inside Handle Unit is a replacement flat bar lever handle designed specifically to suit the Borg 5400 series of mechanical digital locks. This internal handle unit is ideal for replacing a damaged or worn inside handle, or for converting an existing knob turn setup into a more accessible lever handle mechanism.

Crafted to Borg's high standards of durability, this flat bar lever handle is designed to work seamlessly in combination with your existing BL5000 series keypad and fixings. It provides a robust, comfortable grip suitable for medium to heavy-duty applications.

Please note that this product is the inside handle unit only. Keypads, latches, and fixings are not included and must be purchased separately.

This inside handle unit is available in both Satin Chrome and Satin Stainless finishes. Please select your preferred finish from the options below.

Technical Specifications

- **Brand:** Borg Locks
- **Series Compatibility:** Borg 5400 series (part of the 5000 series family)
- **Handle Type:** Flat bar lever handle
- **Available Finishes:** Satin Chrome, Satin Stainless
- **Inclusions:** Inside handle unit only (fixings, latches, and keypads sold separately)

Key Features

- **Direct Replacement:** Ideal for replacing worn or damaged internal handles on existing Borg 5400 series setups.
- **Lever Conversion:** Can be used to convert a standard knob turn handle unit to a more user-friendly lever handle mechanism.
- **Robust Construction:** Designed for medium to heavy-duty applications, ensuring long-lasting performance.
- **Finish Options:** Available in Satin Chrome or Satin Stainless to match your existing door hardware.
