Specification Summary

Brand	Borg Accessories
Product type	Borg Accessories

Product Description

The Borg 5000 Series Tumbler Pack is a set of four replacement or spare tumblers designed specifically for the Borg BL5000 range of mechanical digital locks. These tumblers are essential for altering, shortening, or lengthening your lock's entry code, as well as replacing any worn, lost, or damaged internal components.

These packs are available in two distinct options to suit your coding requirements:

- **Red (Coded) Tumblers (S511/Red):** Used to represent active digits in your chosen access code.
- **Blue (Non-Coded) Tumblers (S511/Blue):** Used for non-active digits that are not part of the access code.

Please select your required tumbler type from the options below.

Note: These tumblers are designed for standard BL5000 series keypads and are not compatible with ECP (EasiCode Pro) models.

Technical Specifications

- **Brand:** Borg Locks
- **Series Compatibility:** BL5000 series (non-ECP models only)
- **Pack Quantity:** 4 tumblers per pack
- **Available Options:** Red (coded) or Blue (non-coded)
- **Manufacturer Part Numbers:** S511/Red (Coded), S511/Blue (Non-coded)

Key Features

- **Code Customisation:** Allows you to easily shorten, lengthen, or change the entry code on your mechanical digital lock.
- **Genuine Replacement:** High-quality, original Borg parts designed for a perfect fit and reliable operation.
- **Colour-Coded System:** Clear red and blue coding makes it simple to distinguish between active and non-active code buttons during configuration.
- **Cost-Effective Maintenance:** Ideal for restoring lock functionality without needing to replace the entire keypad unit.
