Product Description

Get your extra or replacement CAVEO 3 Star high-security keys cut to code quickly and professionally. CAVEO keys are high-security dimple keys designed to operate the CAVEO TS007 3 Star cylinder range.

To order, simply locate the security card supplied with your original lock or keys. Enter the unique key code printed on the card into the box below, select your required quantity, and add them to your basket. If you have lost your security card, please email our team for further assistance.

For your peace of mind and enhanced security, we strongly recommend having your newly cut keys delivered to an alternative address, such as your workplace or a family member's home, rather than the property where the locks are installed.

Orders placed before 2:00 pm are eligible for same-day dispatch. If you need your keys urgently, you can select delivery upgrade options at checkout.

Technical Specifications

- **Key Type:** Reversible dimple key
- **Compatibility:** CAVEO TS007 3 Star cylinders
- **Key Code Requirement:** Code from original security card required
- **Key Head:** Blue plastic/nylon head

Key Features

Brand Profile

CAVEO

CAVEO is a high-security **cylinder** brand focused on modern attack resistance in the UK door market, sold as the **CAVEO Secure** range of **euro cylinders** (including thumbturn and keyed-alike options) plus **rim cylinders** . It's positioned as a "upgrade cylinder" choice for uPVC/composite/aluminium doors where snapping, bumping, drilling and picking are the everyday threat model.

At the core of the range is a **dimple-key mechanism** with **verification on two independent levels** and a **reversible keyway** (key goes in either way). The brand also pushes a **uniquely shaped keyway** and **anti-bump** + **anti-drill pins** as part of its anti-attack design story.

CAVEO is marketed around hitting the top UK "trust badges" for cylinders. Trade listings and CAVEO/stockist pages commonly state certification/accreditation including:

- **BSI Kitemarked TS007 3-Star**
- **Sold Secure Diamond**
- **Secured by Design (Police Preferred Specification)**
- **BS EN 1303:2015** cylinder certification

A distinctive part of CAVEO's positioning is its **£2,000 break-in guarantee**: if a burglary occurs within **5 years** and entry was achieved by **snapping the CAVEO cylinder**, they state they'll pay £2,000 on proven claims.

Distribution-wise, CAVEO is strongly associated with the UK trade channel via **Aldridge Security** (you'll see it presented through Aldridge/Aldridge Access as a stocked brand), and it's also been promoted through Secured by Design comms in that context.
