Specification Summary

Brand	Chasmood
Product type	Accessory

Product Description

The Chasmood 6000F Door Dictator is a high-performance door damper designed to control the final stages of a door's closing cycle. By catching the door just before it shuts, it gently and quietly pulls it fully closed. This eliminates noisy slamming, protects the door and frame from wear, and ensures the door remains securely shut against wind gusts, drafts, and changes in air pressure.

This specific 6000F model is supplied with the 1009 hook, making it ideal for installations where the door is flush with the frame. It is highly recommended for environments requiring a quiet and controlled atmosphere, such as hospitals, hotels, offices, and public buildings. Capable of handling heavy doors up to 200kg, it provides a reliable, robust solution for both commercial and residential applications.

Technical Specifications

- **Brand:** Chasmood
- **Application:** Flush fixings (door flush with frame)
- **Maximum Door Weight:** 200kg
- **Width:** 47mm
- **Height:** 35mm
- **Depth:** 35mm
- **Weight:** 820g
- **Pack Quantity:** 1
- **Packaging:** Boxed

Key Features

- **Quiet and Controlled Closing:** Catches the door as it nears the closed position, pulling it shut quietly to prevent disruptive slamming.
- **Weather and Draft Resistant:** Keeps doors securely closed against gusts of wind and sudden changes in air pressure.
- **Ideal for Noise-Sensitive Environments:** Perfect for use in hospitals, offices, hotels, and schools where quiet operation is essential.
- **Heavy-Duty Performance:** Robust design capable of managing heavy doors up to 200kg.
- **Flush Frame Compatibility:** Supplied with the 1009 hook specifically for flush-fitting doors.
