Specification Summary

Brand	Cisa
Product type	Open Shackle

Product Description

The CISA 22010 KA Open Shackle Brass Padlock combines everyday reliability with the convenience of a Keyed Alike (KA) setup, allowing multiple padlocks to be operated with a single key. Crafted with a solid brass body and a hardened steel shackle, this padlock is well-suited for securing lockers, cabinets, gates, toolboxes, and other light- to medium-duty applications. With smooth key operation and excellent corrosion resistance, it is a smart choice for trade users, schools, and facilities needing a consistent keying solution across multiple locks.

This padlock is available in a range of sizes, shackle clearances, and keyed alike suites. Please choose from the options below to select the exact body width, shackle diameter, and keying suite required for your application.

Technical Specifications

- **Body Width:** 30mm to 60mm (please choose from the options below)
- **Body Height:** 30mm to 45mm (please choose from the options below)
- **Body Depth:** 10mm to 17mm (please choose from the options below)
- **Shackle Diameter:** 7mm to 9mm (please choose from the options below)
- **Horizontal Clearance:** 20mm to 35mm (please choose from the options below)
- **Vertical Clearance:** 20mm to 35mm (please choose from the options below)
- **Body Finish:** Polished Brass
- **Shackle Material:** Hardened steel
- **Mechanism:** 4 Pin or 5 Pin (depending on size)
- **Keying:** Keyed Alike (various suites available; please choose from the options below)
- **Keys Supplied:** 2 keys
- **Packaging:** Boxed

Key Features

- **Keyed Alike Setup:** Multiple padlocks operate with the same key, ideal for managing access across multiple points.
- **Corrosion Resistant:** Solid brass body offers excellent resistance to weathering and corrosion.
- **Hardened Steel Shackle:** Open shackle design provides versatile fitting and enhanced security.
- **Double Locking Mechanism:** Features a double steel ball locking mechanism for added security.
- **Smooth Action:** Delivers smooth locking and unlocking performance.
- **Versatile Security:** Suitable for securing lockers, gates, toolboxes, cabinets, and more.

Brand Profile

Cisa

CISA (Costruzioni Italiane Serrature e Affini) is an iconic **Italian lock and access-control brand**, founded in **1926** by **Luigi Bucci**. It built its reputation early by **patenting the first electrically controlled lock** the same year it was founded—basically kicking the door open (politely, with a latch) on modern electromechanical access control.

Today CISA positions itself as "**CISA Italy**," with **design and engineering made in Italy**, and a product ecosystem that spans both **mechanical and electronic security** for **residential, public, and commercial buildings**.

Ownership / group: CISA is a **strategic brand of Allegion** and has been part of the Allegion group **since 2013** (around the time Allegion became a standalone listed company).

What they're known for (in the real world, on real doors):

- **Mechanical locks and cylinders**, including solutions for master keying systems (CISA talks a lot about cylinders/keys and master-key systems production).
- **Electric / electromechanical locks** (heritage category for them), including locks designed to pair with **panic hardware** or remote electric opening in access-control setups.
- **Exit / panic devices** (their ranges are explicitly positioned around installability and reliability, and they're tracking new EU regulatory changes in their comms).
