Is Cylinder

Product Description

The CISA Astral Euro Half Cylinder is a high-quality 10-pin security cylinder designed for applications requiring single-sided key access, such as garage doors, gates, and commercial exit doors. It features a versatile adjustable cam, allowing you to set the cam position to suit your specific lock requirements.

This cylinder is available in multiple overall lengths, including 40mm and 45mm (with cam sizes of 30/10 and 35/10), and is offered in two high-quality finishes: Nickel Plated and Polished Brass. Please select your preferred size, finish, and specification from the options below.

Each cylinder is supplied with three keys as standard. It features a robust 10-pin mechanism for reliable security and is suitable for in-house key cutting, keyed alike, or master keying options.

Technical Specifications

- **Cylinder Profile:** Euro half cylinder
- **Mechanism:** 10-pin bitting system
- **Overall Length:** 40mm or 45mm (please choose from the options below)
- **Cylinder Size with Cam:** 30/10 or 35/10 (please choose from the options below)
- **A Side Length:** 30mm or 35mm (please choose from the options below)
- **Finish:** Nickel Plated or Polished Brass (please choose from the options below)
- **Keys Supplied:** 3 keys
- **Fire Tested:** Grade 0
- **Keying Options:** Keyed to Differ (standard), with Keyed Alike (KA) and Master Key (MK) capabilities
- **Weight:** 170g to 190g (please choose from the options below)

Key Features

- **Adjustable Cam:** Features an adjustable cam mechanism for flexible installation and compatibility with various lock types.
- **10-Pin Security:** High-precision 10-pin mechanism offers reliable protection and security.
- **Multiple Finishes & Sizes:** Available in Polished Brass or Nickel Plated finishes and multiple lengths to suit your door requirements - please select your option below.
- **Versatile Keying:** Can be keyed alike or master keyed in-house to integrate seamlessly into wider security systems.
- **Supplied with 3 Keys:** Comes complete with three keys, ready for immediate use.

Brand Profile

Cisa

CISA (Costruzioni Italiane Serrature e Affini) is an iconic **Italian lock and access-control brand**, founded in **1926** by **Luigi Bucci**. It built its reputation early by **patenting the first electrically controlled lock** the same year it was founded—basically kicking the door open (politely, with a latch) on modern electromechanical access control.

Today CISA positions itself as "**CISA Italy**," with **design and engineering made in Italy**, and a product ecosystem that spans both **mechanical and electronic security** for **residential, public, and commercial buildings**.

Ownership / group: CISA is a **strategic brand of Allegion** and has been part of the Allegion group **since 2013** (around the time Allegion became a standalone listed company).

What they're known for (in the real world, on real doors):

- **Mechanical locks and cylinders**, including solutions for master keying systems (CISA talks a lot about cylinders/keys and master-key systems production).
- **Electric / electromechanical locks** (heritage category for them), including locks designed to pair with **panic hardware** or remote electric opening in access-control setups.
- **Exit / panic devices** (their ranges are explicitly positioned around installability and reliability, and they're tracking new EU regulatory changes in their comms).
