Is Cylinder

Product Description

The CISA Astral Euro Key & Turn Cylinder is a high-quality, reliable locking solution designed for both residential and commercial applications. Combining convenience with robust security, this thumbturn cylinder allows quick keyless egress from the inside while maintaining secure key access from the outside.

Built with a durable brass body and plugs, the Astral cylinder features a sophisticated 10-pin key bitting system. This advanced mechanism provides excellent resistance against common attack methods, including picking, drilling, and bumping. It offers an impressive 16 million key differs, ensuring an exceptionally high level of security and key individuality.

This cylinder is supplied complete with three reversible flat keys, a code card for secure key duplication, and a fixing screw. It is available in multiple overall lengths, side measurements, and finishes, including Nickel Plated and Polished Brass. Please select your required specifications from the options below to find the perfect fit for your door.

Technical Specifications

- **Brand:** Cisa
- **Cylinder Profile:** Euro
- **Cylinder Type:** Key & Turn Euro
- **Cylinder System:** Cisa Astral
- **Mechanism:** 10 Pin
- **Overall Length:** 60mm or 70mm (please select from the options below)
- **A Side:** 30mm or 35mm (please select from the options below)
- **B Side:** 30mm (Turn) or 35mm (Turn) (please select from the options below)
- **Finish:** Nickel Plated or Polished Brass (please select from the options below)
- **Keying:** Keyed to differ (In-house keying and keyed alike options available)
- **Keys Supplied:** 3
- **Weight:** 290g or 320g (please select from the options below)

Key Features

- **High Security:** 10-pin key bitting system offering up to 16 million key differs.
- **Attack Resistant:** Engineered to resist picking, drilling, and bumping.
- **Convenient Operation:** Reversible flat key design for easy insertion and smooth operation.
- **Keyless Egress:** Thumbturn on the inside allows quick lock/unlock without a key.
- **Complete Package:** Supplied with 3 keys, a code card for secure duplication, and a fixing screw.
- **Premium Construction:** Robust brass cylinder body and plugs for long-lasting durability.

Brand Profile

Cisa

CISA (Costruzioni Italiane Serrature e Affini) is an iconic **Italian lock and access-control brand**, founded in **1926** by **Luigi Bucci**. It built its reputation early by **patenting the first electrically controlled lock** the same year it was founded—basically kicking the door open (politely, with a latch) on modern electromechanical access control.

Today CISA positions itself as "**CISA Italy**," with **design and engineering made in Italy**, and a product ecosystem that spans both **mechanical and electronic security** for **residential, public, and commercial buildings**.

Ownership / group: CISA is a **strategic brand of Allegion** and has been part of the Allegion group **since 2013** (around the time Allegion became a standalone listed company).

What they're known for (in the real world, on real doors):

- **Mechanical locks and cylinders**, including solutions for master keying systems (CISA talks a lot about cylinders/keys and master-key systems production).
- **Electric / electromechanical locks** (heritage category for them), including locks designed to pair with **panic hardware** or remote electric opening in access-control setups.
- **Exit / panic devices** (their ranges are explicitly positioned around installability and reliability, and they're tracking new EU regulatory changes in their comms).
