Brand	Cisa
Product type	Key & Turn Euro
Keyway	CISA Astral

TAGS

Is Cylinder

Product Description

The CISA Astral S Euro Key & Turn Cylinder offers high-security protection for residential and commercial doors, combining convenient thumbturn operation with advanced physical security. Designed to resist common forced entry methods, this cylinder features a patented laminated steel segment pack that significantly increases resistance to snapping and extraction.

Engineered with a 10-pin key bitting system, the Astral S provides robust protection against picking, drilling, and bumping. The key and turn design allows you to easily lock or unlock the door from the inside without a key, making it ideal for both daily convenience and emergency escape situations.

This cylinder is available in multiple configurations to suit your door. You can choose from a range of overall body lengths (from 60mm up to 100mm), with various internal and external side measurements (A Side from 30mm to 45mm, and B Side/Turn from 30mm to 55mm). It is also offered in two high-quality finishes: Nickel Plated and Polished Brass. Please select your preferred size, side measurements, and finish from the options below.

Each cylinder is supplied complete with three reversible flat keys, a code card for secure key duplication, and a fixing screw.

Technical Specifications

- **Cylinder Profile:** Euro
- **Cylinder Type:** Key & Turn (Thumbturn)
- **Mechanism:** 10-pin key bitting system
- **Key Differs:** 16 million differs
- **Standards:** BS EN 1303:2005
- **Fire Tested:** Grade B
- **Body Material:** Brass cylinder body and plugs
- **Keys Supplied:** 3 reversible flat keys (with code card)
- **Finishes:** Nickel Plated or Polished Brass (please choose from the options below)
- **Sizes Available:** Overall body lengths from 60mm to 100mm (please choose from the options below)

Key Features

- **Snap Resistant:** Laminated steel segment pack increases resistance against snapping and extraction.
- **Comprehensive Protection:** High resistance to picking, drilling, and bump attacks.
- **Thumbturn Convenience:** Allows quick and easy locking or unlocking from the inside without a key.
- **Reversible Keys:** Supplied with 3 flat, reversible keys and a code card for secure key cutting.
- **Versatile Options:** Available in multiple sizes and finishes to suit your specific door requirements.

Brand Profile

Cisa

CISA (Costruzioni Italiane Serrature e Affini) is an iconic **Italian lock and access-control brand**, founded in **1926** by **Luigi Bucci**. It built its reputation early by **patenting the first electrically controlled lock** the same year it was founded—basically kicking the door open (politely, with a latch) on modern electromechanical access control.

Today CISA positions itself as "**CISA Italy**," with **design and engineering made in Italy**, and a product ecosystem that spans both **mechanical and electronic security** for **residential, public, and commercial buildings**.

Ownership / group: CISA is a **strategic brand of Allegion** and has been part of the Allegion group **since 2013** (around the time Allegion became a standalone listed company).

What they're known for (in the real world, on real doors):

- **Mechanical locks and cylinders**, including solutions for master keying systems (CISA talks a lot about cylinders/keys and master-key systems production).
- **Electric / electromechanical locks** (heritage category for them), including locks designed to pair with **panic hardware** or remote electric opening in access-control setups.
- **Exit / panic devices** (their ranges are explicitly positioned around installability and reliability, and they're tracking new EU regulatory changes in their comms).
