Product type	Nut Fix

Product Description

The DOM 225081 19.5mm Nut Fix Master Keyed Camlock is a robust and reliable locking solution designed for a wide range of applications, including lockers, cabinets, wooden and metal furniture, and post boxes. Manufactured to high standards by DOM, this camlock features a conventional pin tumbler mechanism that provides dependable, medium-level security for your storage needs.

This model is supplied master keyed under the 22 Key Series, allowing it to be seamlessly integrated into a master key system for convenient, multi-lock access control. It offers 200 key combinations (differs) and features a round face with a bright nickel-plated finish, ensuring both durability and a clean, professional appearance.

Installation is straightforward and secure thanks to the robust nut fixing design. The lock operates with a smooth 90-degree clockwise movement and comes complete with two keys as standard.
